

## **“Thank you Jesus” Prayer**

This prayer accompanies the cross you have received because there is someone, actually many in this world that care about you and want to share the limitless LOVE of God with you that flows directly through Jesus.

These crosses are made for a singular purpose of exposing the POWER of God that He makes available to us moment by moment.

To set this POWER loose in your life, maybe more so than ever before, requires you to follow two simple instructions.

They are:

- 1) place the cross where you can see it and interact with it every day, as often as possible;
- 2) pick up the cross at least once a day every day and repeat the phrase, “Thank you Jesus”.

Doing this more than once is recommended. Be faithful to these simple disciplines and be positively expectant and be prepared for miraculous things to take place in your life. And, we say “Thank you Jesus.”

When God says he wants us to Ask, Seek, and Knock, He means it and wants to hear from us on a regular basis. “Thank you Jesus.”

May you be Blessed in all your ways.

A Brother in Christ!
